

MAEDA BATTERY PACKS

Supports **MC285 ECO**, **MC305 ECO** & **MK3053 ECO**

Classification:	Lithium ion battery
Mass:	Approx. 15.4kg
Nominal voltage:	DC 27.6V
Rated capacity:	45Ah
Wattt-hour rating:	1242Wh
Battery operating ambient temperature:	-30°C ~ +45°C
Guaranteed battery storage temperature:	-30°C ~ +55°C
Humidity:	85% RH or less (no condensation)
Operating altitude:	2000m

Battery unit specification for MC285 ECO

Capacity:	DC 55V - 135Ah, 7.5kWh
Charging time:	200V AC: 3hrs 30min to 100% 100V AC: 7hrs to 100%
Operating time:	Travel (high speed): 2hrs 12mins Crane: Up to a full working if charged during operation

Battery unit specification for MC305 ECO

Capacity:	DC 55V - 180Ah, 10kWh
Charging time:	200V AC: 4hrs 30min to 100% 100V AC: 10hrs 30min to 100%
Operating time:	Travel (high speed): 2hrs 50mins Crane: Up to a full working if charged during operation
